COMPASSIONATE SERVICE

Providing Excellent Care with Gentleness and Kindness

DR. MIRHASHEMI, DR. MONROE & DR. ATAMDEDE

They were the first doctors who really listened. While the others dismissed my pain, Dr. Monroe, Dr. Atamdede and Dr. Mirhashemi were thorough, clear and compassionate. They scheduled me for the screenings I needed without delay so I could be accurately diagnosed and treated. To my relief, they found and removed a 17 pound mass in my abdomen. I'm feeling better every day. I have great confidence in them and I'm thankful that they'll be my doctors for all my future care.
